GREENEVILLE
Mrs. David Goldblatt Receives Letter
Telling of Conditions in Russia—
Personal and Notes.

Mrs. David Goldblatt of Central
avenue received a letter from her sister
in Tombov, Russia, on Monday morn-
ing. The letter was mailed in Russia
in December, 1917, being about five
months in coming from Tombov, which
is near the Siberian frontier, to this
country. Mrs. Goldblatt also received
two postal cards from her relatives on
Saturday, this being the first intima-
tion that her younger sister was alive,
as she had heard nothing from her
since she was driven out of her home
in Lito, in the state of Kovno, in
Poland, which was one of the first
places to be invaded by the Germans
in 1914. The postal cards were of
tough fibrous paper, similar to our
heavy manila, and had a Russian de-
vice in each of the upper corners of
the address side of the card. The
quick change in the government is il-
lustrated by the fact that the cards,
mailed within a short time of each
other, bore different varieties of
stamps. They also bore a censor's
stamp in Russian.

The letter received Monday had
been to several countries before ar-
riving in Norwich. The writer of the
letter complains of the lack of every-
thing and says that they are forced to
pay ten rubles per month rent (about
35c), an unheard of price. She also
says that the work of the Hebrew relief
committee has been stopped, and that
people are suffering terrible hardships.
There is no work for those not in the
revolution, and even if the people had
money, which they do not, it is al-
most impossible to purchase even the
barest necessities of life.

IF YOUR EARS RING
WITH HEAD NOISES
If you have catarrhal deafness or
head noises, get a bottle of (Double
Strength), and add to it 1/2 pint of hot
water and a little granulated sugar.
Take 1 tablespoonful four times a day.
This will often bring quick relief
from the head noises. The head
clogged nostrils should open, breath-
ing becomes easy and the mucous stop-
ping up the eardrums is removed. It is easy
to prepare, costs little and is pleasant to
take. Anyone who has catarrhal deaf-
ness or head noises should give this
prescription a trial.

evening, at one time was pastor of
Grace Episcopal church in Yantic.

After leaving Yantic, Rev. Mr. Goldie
accepted a pastorate at Blackhall and
remained there until he volunteered
for Y. M. C. A. work. He was as-
signed to Fort Perry, Plum Island, as
the first Y. M. C. A. worker in the fort.
When he went to Fort Terry there was

no Y. M. C. A. tent or any conveni-
ences for work. Soon Rev. Mr. Goldie
had a large tent put up and conduct-
ed service in this until he volun-
teered for work overseas.

Rev. Mr. Goldie was selected as one
of the workers to go to Russia and
try to improve the morale of the Rus-
sian army. Mr. Goldie went to Rus-

San Francisco to Japan and then to
Hankow and from there he traveled

before the Bolsheviks took possession.

Mr. Goldie says that it was im-
possible to do any work in Russia,
made his way back across Siberia and
taking the same route came to the
United States a few months ago. He
took up his pastorate at Blackhall. Mr.
Goldie has been devoting his time dur-
ing the past few weeks to the selling
of Liberty bonds and has delivered ad-
dresses in several of the cities of the
state. Mr. Goldie always has a mes-
sage for the people that comes straight
from the shoulder and is convincing.

WIRE GUARD FOR
ARMS FACTORY FENCE
Will Check Any Attempt to Jump
Fence to Get Into Yard.

Protection against possible attempts
to get into the yard of the Marilla-
Rockwell company was provided for
on Tuesday by placing a high wire
netting along the fence on Frank-
lin street, just above the office build-
ing. It will now be impossible for
anyone to vault over this fence and
gain access to the yard. It might have
been done before by watching for a
time when the attention of the guard
was taken elsewhere.

THIN PEOPLE
GAIN WEIGHT
Thinness and weakness are usually
due to starved nerves. Our bodies
need more phosphate than is con-
tained in modern foods. To remedy
this, physicians recommend plain
bipro-phosphate, which is such a di-
gestible form of phosphate that it
feeds the nerves directly, and as they
gain in power, the body gains in
plumpness, weight and strength.

Bipro-phosphate is prescribed in-
stead of inferior phosphates because
it is known as a pure, organic phos-
phate, carefully prepared. You can
get the genuine standard bipro-phos-
phate at Lee & Osgood's or any first
class drug store.
